GREAT IS THE LORD

```
            D                    Dsus
V1:     God eternal, before all time
                    A/C#                          D
        Before You spread the stars through the skies
                     Bm                  G
        In love You chose us in Your Son
                      A                    D
        And gave us every blessing in Christ

        D/F#      G        A        D/F# Bm
PC1:    On the splendor of Your majesty
            G            A            D
        And wondrous works we dwell
                G               A          D/F#      Bm
        Of Your awesome deeds we will declare
            G            A           D
        And goodness we shall tell

        D/F#      G               A               D
C:      You are great and greatly to be praised
            D/F#  G               A              Bm   F#m
        Each generation shall bless Your name
                G               A            D     A/C#
        So let it go forth beyond our days
                 Bm        A              G
        That our children might proclaim
            A        D
        Great is the Lord

V2:                          D                 G
        Through each step of sojourning
                A                         D
        You prepare your people to see
                             Bm                    G
        Your sovereign will yet works all things
                             A                             D
        And that Your way is still through the sea

PC2:    And though the pages through the years have worn
        Your promises never fade
        And the hands once pierced to purchase us
        Shall carry us through each age

V3:     So do not fear, be not dismayed
        For He who led us here is still Lord
        The same today, as yesterday
        And shall be forevermore
```
