

## HEAVEN IS A WORLD OF LOVE

V1: D A/C# Bm Bm/A G Asus A  
Heaven is a world of love, the world of God the Fount  
D A/C# Bm/A A G A D  
The Ocean from which every stream of love to earth flows down  
G D/F# G Asus A  
Where perfect love abounds between the Father and the Son  
D A/C# Bm Bm/A G A D  
And floods upon each creature there through Living Waters sprung

V2: Heaven is a world of love, for in each heart love reigns  
The spark once lit on earth shall then become a brilliant flame  
One moment there shall all eclipse the love we'd known below  
For then we'll see Love face to face, for then we'll fully know

V3: Heaven is a world of love, of fellowship restored  
For those the bonds of love had bound, yet once by death were torn  
The sorrow shared on earth shall be a shadow in the night  
When morning dawns, the Son shall rise and wrap us in His light

V4: Heaven is a world of love, so while we walk this earth  
Above all aims and through all things let love always be first  
Indeed our days are like the grass and soon shall pass away  
But when this world shall be made new, 'tis love that shall remain
